REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR §1.322

S I R:

Transmitted herewith is a Certificate of Correction for U.S. Patent No. 7,095,212 ("Patent") issued August 22, 2006. Upon reviewing the listing of inventors (item (75)) in the title page of the Patent, the patentee noted an error in the inventive entity which should be corrected as follows:

MAILING CERTIFICATE ON PAGE 4

SEP 27 2007

IN THE TITLE PAGE, Item (75):

Change "Minoru Sudo, Chiba (JP); Takashi Niwa, Chiba (JP); Norio Chiba, Chiba (JP); Susumu Ichihara, Chiba (JP)" to --Minoru Sudo, Chiba (JP).--

The Patent corresponds to Application Serial No. 10/815,444 ("Application"). The Application was filed naming Minoru Sudo as the sole inventor of the claimed invention (see July 13, 2004 declaration signed by Minoru Sudo and filed in the Response to Notice to File Missing Parts of Nonprovisional Application dated July 14, 2004). The inventive entity was not amended during prosecution of the Application.

The Patent corresponding to the Application was issued August 22, 2006.

Upon reviewing the listing of inventors (item (75)) in the title page of the Patent, the patentee noted that the listing includes three additional individuals (Takashi Niwa, Norio Chiba, and Susumu Ichihara) which are not inventors of the subject matter claimed in the Patent. Stated otherwise, consistent with the prosecution of the Application, the inventive entity in the title page (item (75)) of the Patent should only list Minoru Sudo as the sole inventor.

SEP 27 2007

The error in the inventive entity in the title page (item (75)) of the Patent is a Patent and Trademark Office error since the Application only names Minoru Sudo as the sole inventor of the claimed invention.

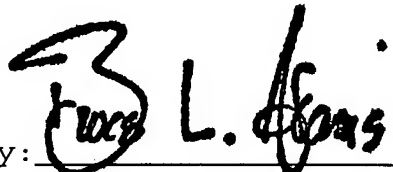

Since the error for which a Certificate of Correction is sought was a result of a Patent and Trademark Office mistake, no fee is due (35 U.S.C. §254).

SEP 27 2007

Favorable consideration and granting of this request together with issuance of a Certificate of Correction are respectfully requested.

Respectfully submitted,

ADAMS & WILKS
Attorneys for Patentee
